

Strength, Cardio & Conditioning

Barbell Strength

Challenge your muscles, joints and balance while building strength & muscular endurance in this class designed for all fitness levels.

Barre Core Sculpt

Based on the methods of ballet barre exercises, small muscle isolation and unique angled range-of-motion exercises with multiple repetitions using light-weights, resistance bands, chairs and gravity. Body shaping moves for your legs, abs, butt, hips, thighs & arms!

Body Blast

This class is a total body workout, providing a variety of cardio and strength-training routines that your body needs to see results. Routines will be tailored to the class's needs from week to week, and can include step, Hi/Lo aerobics, kickboxing, and strength training using weights, barbells, resistance bands, and body weight.

Boot Camp

A full body fitness boot camp incorporating traditional callisthenic and body weight exercises with cardio interval training and strength training.

Butts & Guts

An amazing, energizing workout! This class uses sports drills and calisthenics for speed, agility & power. High Intensity! Butts & Guts is a Boot Camp specifically designed for your abs & glutes!

Core & More

30 minutes of intense core-centered moves and exercises using bands, balls, BOSUs and Body Bars. You'll feel your abs & hips on fire!

Cycle

An indoor cycling class, which combines basic cycling movements along with motivational coaching from an instructor. Interval training, climbs, sprints and flat rides are offered with great music and lots of fun!

Peak Conditioning

An all body workout includes strength, endurance, and interval training. Format changes weekly.

Run & Row

Interval training using rowing machines & treadmills.

Pilates

A complete full body workout strengthening your abdominals, spine, legs, arms, glutes and hips. Various modalities and equipment are used including: BOSU, Pilates, Balls, Gliders, Pilates Rings, Resistance Bands and free weights.

Silver Challenge

A dynamic and advanced menu of strength training and sustained aerobic conditioning exercises for the experienced athletes who are ready for a more challenging Silver Fitness offering.

Silver Fitness

Fitness classes designed specifically for the needs of seniors. Strength, Flexibility, Core Strength, Balance & Endurance.

Strength & Condition

In this class you'll develop muscle endurance and definition as you learn the proper form and techniques using weights, bands, benches, with cardio intervals intermixed with core strength segments.

Strength Express

A fast paced full body strengthening class using weights, bands, BOSUs and gravity. A great class to add to your fitness routine when time is limited and you want to get stronger.

Step & Strength

This class offers traditional step routines for an amazing and effective aerobic workout an added plus: An efficient weight workout.

Strength and Sculpt This class is designed to increase overall body strength by using resistance equipment and body weight exercises. It will also include nutrition tips and specific resistance training techniques for sculpting major muscle groups to foster a more youthful and fit appearance. Join us for some fun!!

Zumba!

Zumba is a fusion of Latin & international dance themes that create a dynamic effective fitness workout. A "Feel Happy" class that is fun & easy to do! Come join us for a fantastic workout while dancing the hour away to current dance styles.

Mind Body Wellness

Yamuna Body Rolling®

This YBR® class is a self-massage class using various size and density balls. We will work to relieve stress and tension in fascia, tendons and muscles, helping to reduce injuries and enhance recovery after workouts. All ages and abilities are welcome, and no experience is necessary. Wear tight clothes and tie long hair back. This is a wonderful compliment to all activities and feels great!

Yin Yoga

A very distinct style of yoga that stretches the connective tissue (rather than conditioning the muscles), while holding a deep stretch for several minutes. Some believe that yin yoga is the oldest form of hatha yoga.

Restorative Yoga

A very gentle and relaxing hour of supported yoga poses on the floor. The only thing you'll have to do is find your breath and allow your body to surrender any stress or tension

All Levels Yoga

Dynamic class with an emphasis on alignment, breath, strength, and flexibility. Come prepared to focus on your body, mind & spirit. This hatha yoga class offers traditional yoga poses in flowing sequences called vinyasa. This practice allows you to gain flexibility, improve posture & alignment and reduce stress.

Vinyasa Yoga

Vinyasa yoga (also called flow) is a style of yoga that coordinates poses with the breath to flow from one pose to another. Vinyasa yoga is more movement based than hatha yoga. Options will be given for making each pose more or less challenging as each participant chooses.
